Re: *Vivian Beale v. Mt. Vernon Police Department*; Case No.: 07-cv-7520

Dear Judge Karas:

Please excuse the delay regarding the documentation in connection with the Hearing set for June 27, 2008. I know that I prepared a document in connection with my seeing a doctor. In that document I also indicated that Ms. Beale lost her father earlier in the week. I still have not recovered from that ailment and was placed on a different medication yesterday. Naturally I hope that recovery will be speedier.

In the meantime, I am requesting that the Court grant me additional time to prepare the response and set the next hearing date no earlier than the second half of August. Thank you for your understanding.

Very truly yours,

Sanford A. Kutner
